

## AK 303 GREY WASH FOR KRIEGSMARINE SHIPS

This enamel wash is specially designed to bring out the details in the colors of a scale ship of Kriegsmarine. Also it can be used in other subjects such as aircraft or gray tanks.

The first step is to prime and paint with the corresponding grey and apply a varnish layer.

Apply the wash so that it reaches all details of the ship; windows, doors, stairs, etc.

Remove the excess with White Spirit and a fine brush.
